TEACHER GUIDE

How Scrappy's treasures work

A warm, predictable reward routine for the whole class.

1. NOTICE

Name the behaviour you saw: 'I noticed everyone was ready with books open.'

2. CONNECT

Link it to learning: 'That helped us begin English calmly.'

3. AWARD

Add one treasure to the shared trail. Keep the reason specific and brief.

4. CELEBRATE

Use the milestone reward at a natural moment. Then continue the same trail.

KEEP IT FAIR

Award treasures for observable class actions, not for being 'good'. Never remove an earned treasure for an individual child's mistake. Reset only when the class completes all 20 treasures and celebrates together.
